

You are invited to join us on **Tuesday, 26th of May** for our special floor talk evening on

This is an exciting opportunity to get a personal insight to Victoria's great South West project, **Walk**, from Carmel Wallace, a coordinator of the project as well as a well renowned nationally accredited exhibiting artist.

Also holding a floor talk is our very own South West glass guru, Gerry Reilly who will show you around the **Ranamok Glass Show** while delving into the world of glass as a medium.

No admission fee, 6:15pm opening for a 6:30pm start, finishing at 8pm. Light refreshments and drinks will be provided, and guests are invited to join Carmel for dinner afterwards (if you would like to join Carmel afterwards please register your interest by emailing kjennings@brag.org.au)

Walk

The Great South West Arts Walk involved nine artists, selected for their affinity with the natural environment, to take the 250km journey. Regional Arts Victoria noted that Carmel's work demonstrated breadth and excellence in concept development and project execution in a regional location.

Ranamok

The Ranamok Glass Prize presents an exhibition of works by some of Australia and New Zealand's finest artists using glass as a medium. With works that push the physical and conceptual boundaries, Ranamok is sure to delight new viewers and perhaps even challenge some of the preconceptions of this exciting medium and it is no surprise that it is now widely identified as Australia's premiere glass prize.

We look forward to seeing you there!
